North West NEWS

Conservatives in the European Parliament

Dear Fellow Conservative

This will be the 68th report that I have made since my election in 1999 and you will see that the hard work continues. Whether in Parliament or in the region, I have tried to fulfil my obligations to you and my Constituents *and* to keep you informed about my activities. If you wish to see yet more detail than is contained in this leaflet, please access my website at:

www.sir-robertatkins.org

This has been a fascinating and productive year for the Conservative Party, the highlights, of course, being the overwhelming Regional victory in the European Elections, taking control of Lancashire and becoming the largest party in Cumbria.

As promised, we have formed a new Group in Parliament - the European Conservatives and Reformists - and now provide a real Opposition to the prevailing obsession with federalism, constitutional integration and bureaucratic interference from Brussels.

We have set the standard for transparency and disclosure in the regular publication of Tory MEPs' expenses.

Dulcie and I are very grateful for your support during this last year and will continue to be involved in your own campaigns and Association activities.

Of course, other important battles are yet to come. I look forward to joining you all in doing everything we can to support David Cameron in the year ahead.

Regards

Signing the MEPs Pledge of Disclosure and Transparency to the British people at the launch of June's European Election

P.S. As well as seeking new ways to inform you of my activities, I am keen to find ways to make it easier for you to send me your thoughts. One such initiative is my survey site www.tellsirrobert.com. If you have access to the internet why not log on and send me your views on an issue of the day?
